

Private Healthcare Services from a range of medical professionals:

Medical Consultations

We provide medical consultations including laboratory investigations such as blood tests, ECG etc in our modern centre.

Psychological Therapies

Cognitive Behaviour Therapy and Group Psychotherapy, Counselling services, Stress management and Psychiatry consultations.

Travel Clinic and Vaccinations

We are a registered Yellow Fever Vaccination Centre. We also offer the full range of travel vaccinations and medications.

Medical Tourism

Our consortium of doctors are based in the UK and overseas and enable cost effective solutions for dental procedures, cosmetic surgery etc.

Medico-legal Reports

We facilitate consultations for medical certificates and medico-legal reports requested by solicitors and employment agencies.

Health Technology

Our Medical devices and IT teams offer a range of advanced solutions such as components, hardware, software and website development.
